

## Teen/Adult Lessons: Ages 15 and Up

**Updated July 22, 2024**

Learning to swim at any age is important! If you or your teen are comfortable learning to swim in a group environment, we highly recommend you pursue group lessons with our partners at Indy Aquatic Masters. Carmel Swim Academy is a site for their program. **You can find information about those classes here.**

For teens and adults who would prefer to learn in a private/semi-private setting, CSA is delighted to offer that option. These classes are specifically designed to make swimmers 15 and older comfortable and proficient in the water. Swimmers will learn water safety basics and progress through a curriculum grounded in the competitive strokes of swimming to feel confident in the pool.
